MANAGEMENT DISCUSSION AND ANALYSIS REPORT (ANNEXURE TO DIRECTORS' REPORT)

1. INDUSTRY TRENDS & DEVELOPMENT

The chemical industry is critical for the economic development of any country, providing products and enabling technical solutions in virtually all sectors of the economy. The Indian chemical industry can deliver on an accelerated growth phase, provided a clearly defined vision along with a strategic roadmap is developed to enable it. If this is not done, we may see the growing market increasingly being served through manufacturing done outside India. The various segments of the chemical industry (such as organic chemicals, specialty chemicals, chlor-alkali, pesticides, colorants and alcohol-based chemicals) have their own unique set of challenges. The industry can grow only if these individual segments overcome their challenges and move swiftly along the growth path. The industry and government will have to work in tandem to achieve the ambitious targets set for the chemical industry.

Your Company is engaged in the production of chrome based industrial chemical as Sodium Dichromate, Chromic Acid, Sodium Sulphate, Chrome Oxide Green and Chrome Concentrate. The main consumer industries of these products are Iron & Steel Industry, Paints & Pigment Industry, Chromic Acid Plant, COG Plant, Paper Industry, Acid extraction, Electroplating. With the effect of merger, your company also added Low Ash Metallurgical (LAM) Coke to its product basket. LAM coke is mainly used in Blast Furnace for production of Pig Iron and in Cupola Furnace for production of cast iron.

2. OPPORTUNITIES & THREATS

The link between risk and reward has become more important for your company as it grapples with the challenges of growing and delivering profits amidst stiff competition from global players. The world economic environment, client expectations and competitive landscape continue to evolve. This brings new challenges and risk such as expansion of overseas-based competitors in India, increasing awareness among the customers and competitive pricing in the market.

3. BUSINESS REVIEW / SEGMENT-WISE PERFORMANCE

The financial statements for the year ended have been prepared on a going concern basis. In spite of competitive nature, your company has robust performance during the year under review. It does not have segments.

4. RISKS & CONCERN

The major risk for the products of your company's products continues to be the lack of demand as a result of slowdown in Iron & Steel as well as other industries. Although, the production in Iron & Steel industry is once again on the growth path but any negativity in the global economic recovery will once again put pressure in the demand for Company's products. Fluctuating interest rate and reduction in import duty will be an area of concern in future.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate Internal Control Systems commensurate with the size and nature of its business. Internal Control Systems are supplemented by internal audits carried out regularly by outside independent qualified Auditors. The Audit Committee interacts with the Statutory Auditors. The Management also regularly reviews the operational efficiencies, utilization of fiscal resources and compliance with laws so as to ensure optimum utilization of resources, achieve better efficiencies and comply with the laws of land.

6. FUTURE OUTLOOK

The outlook for the industrial chemical industry is very positive; the demand of the Company's products has also witnessed positive growth. Given the increasing demand and the positive impact there - off on prices, your Company is expected to continue to rise in its growth path and management is trying its hard and soul to recover the loss incurred during this financial year.

7. HUMAN RESOURCE MANAGEMENT

The Company has a strong and dedicated workforce. The relations between the management and the workforce continue to be cordial during the year. The employees are imparted training on site and are encouraged to participate in the decision-making process. The Management acknowledges the contributions made by each employee at all levels and records its appreciation for the co-operations extended, but for which the present growth would not have been possible.

8. CAUTIONARY STATEMENT

Statements made in this report describing the Company's objectives, projections, estimates and expectations may be "forward-looking statements". Actual results could differ from those expressed or implied in this Report. Important factors that may have impact on Company's operations include economic conditions affecting demand / supply and price conditions in the domestic and overseas markets, changes in the Government regulations / policies, tax laws and other statutes and other incidental factors. The Company assumes no responsibility to publicly modify or revise any forward-looking statements on the basis of any future events or new information.
